Dear Mr. Gutmann:

This letter is in response to the Petition for Rule Making filed on behalf of Intermountain Educational Communications, Inc. requesting to reserve vacant Channel 225A at Mona, Utah for noncommercial educational ("NCE") use.

On March 18, 2004, we returned the petition by letter stating that the proposal failed to provide a first or second NCE radio service to at least 10 percent of the population within the proposed service area. A further examination reveals that the proposal would provide a first or second NCE radio service to at least 10 percent of the population, however, an NCE service at Mona is not technically precluded because a channel is available in the NCE band (Channels 200 through 220) for use at Mona, Utah.

In view of the above, we find that your petition for rule making is unacceptable for consideration for the reasons stated above.

Sincerely,

  
John A. Karousos
